

SHOROQ ALAWNEH

Web Designer & Front-End Developer

PERSONAL INFORMATION:

Nationality: Jordanian
Phone: +962 779047039
Address: Irbid - Jordan
Email: shoroqalawneh2025@gmail.com
LinkedIn: [ShoroqAlawneh](#)

PERSONAL SUMMARY:

Highly motivated and detail-oriented Front-End Developer with solid experience in HTML, CSS, JavaScript, and responsive design. Proven ability to build accessible, user-centered websites and applications. Skilled in UI/UX design using Figma and Adobe XD, with a strong foundation in computer engineering and software development. Passionate about learning, problem-solving, and delivering modern digital experiences.

EDUCATIONAL QUALIFICATIONS:

Bachelor's Degree in Computer Engineering

Jordan University of Science and Technology | Irbid, Jordan
2015 – 2020

WORK EXPERIENCES:

Freelance Web Designer & Front-End Developer

Remote | 2020 – Present

- Designed and developed responsive websites and applications (portfolio sites, booking systems, restaurant menus, clinics).
- Created intuitive UI/UX layouts using Figma and Adobe XD.
- Collaborated with clients to understand needs, iterate designs, and meet deadlines.
- Applied modern front-end standards and maintained code using Git and GitHub.

Website Designer

Jordan University of Science and Technology, Computing Center | Irbid | 2018 – 2019

- Developed and updated university websites to enhance usability and functionality.
- Worked closely with the technical team to implement new features and maintain design consistency.

Application Developer (Graduation Project)

2019 – 2020 | Irbid

- Designed an application to identify the shortest path to items in small geographic areas using Wi-Fi signal location detection.

Project Developer (Various)

2017 – Present | Irbid

- Participated in projects using Apex, PL/SQL, C++, C#, Python, and neural networks as part of university coursework.

Teaching Assistant (Part-Time)

2015 – Present | Irbid

- Tutored school-level students in Math, Science, English, Arabic, and Computer Skills.

TECHNICAL SKILLS:

Web Development:

- HTML5, CSS3, JavaScript (core front-end stack)
- Responsive Web Design (mobile-first design principles)
- Website performance optimization
- Cross-browser compatibility

Tools & Platforms:

- Git & GitHub (version control)
- CMS (Content Management Systems)
- Oracle Database

UI/UX & Design Tools:

- User Interface (UI) Design
- User Experience (UX) Design
- Prototyping & Wireframing: Figma, Adobe XD

Additional Skills:

- Problem Solving
- Debugging & Testing
- Teaching & Technical Tutoring
- Documentation & Code Maintenance

Programming Languages:

- C++, C#, Python, Java
- SQL, PL/SQL
- Assembly Language

Application Development:

- Android Development
- Oracle Apex
- Neural Networks (academic level)
- Location-based services (Wi-Fi signal tracking)

SOFT SKILLS:

- Effectively conveys ideas to clients, team members, and students
- Manages multiple projects and meets deadlines under pressure
- Learns new tools and technologies quickly and adapts to change
- Troubleshoots code efficiently and enhances user experience
- Maintains precision in design, coding, and layout
- Collaborates smoothly in team settings and with clients
- Applies creative approaches to interface design
- Thinks critically to solve challenges logically
- Takes initiative in learning and self-improvement
- Leads and manages projects from concept to delivery
